Weyl's Cash Grocery Store is selling groceries at the very lowest rates. Call and be convinced.
The Young Men's Institute of this place will give a grand ball on Thanksgiving night at Union Hall.
Hon. Calvin Edgerton, who has come out for Cleveland and Thurman, will speak in Sonoma on October 8th.
The Occidental Hotel, under the management of Mr. R. D. Moore and his estimable wife, is growing in popularity every day.
For Dry Goods, Clothing, Groceries, Hardware, Cutlery, and also everything kept in a general merchandising store go to S. Schocken's, north side Plaza, Sonoma.
The sprinkling cart has been doing good work the past few weeks, and in consequence the streets surrounding the Plaza are free from dust and in excellent condition.
Adolph Zetsche, the tramp who assaulted and cut Martin Peter with a pocket knife, was sent to jail for fifteen days by Justice Zane last Wednesday, who found him guilty of simple assault.
The Y. M. I. No. 45, have changed their meeting nights from the first and third Wednesdays to the first and third Saturdays of each month. Their interest in the society continues unabated and it is in a prosperous condition.
Wine-making is in full blast all over the valley. Owing to the unfavorable weather in July and August the yield of wine will fall below average years but this will be offset to some extent by the quality, which will be exceptionally fine this season.
The Democratic meeting which was addressed by Dr. Schneider in Union Hall at this place last Thursday evening was one of the most enthusiastic Democratic gatherings of the campaign. The Dr. is a clear and forcible speaker and his well-rounded sentences were frequently greeted with tumultuous applause. The hall was crowded, a large portion of the audience being ladies.
The prohibition meeting held in this place on Wednesday evening was also attended, only about 30 persons being present. The meeting was poorly advertised and few people were aware of such a meeting being held on that evening, else the speakers would not have been greeted with empty benches, as the people of Sonoma always turn out on such occasions when properly announced.
Anella, the three-year-old daughter of Mr. and Mrs. A. Marucci, residing on the Davidson place, Vineyard Station, died from diphtheria last Tuesday. This makes the third child in the family that has died from that terribly fatal disease within the past month. Louisa, aged seven, having expired on the 4th inst., and Pionius, aged eight, on the 15th inst. Three other children belonging to the family were removed to a neighbor's house before being taken down with the disease. This step undoubtedly saved their lives.
The open-air concert given by the Sonoma Valley Band last Saturday evening brought out a large number of people who greatly enjoyed the musical treat. As the band intends giving these concerts once a week would it not be a good idea for our citizens to erect a music stand for their convenience? The cost would be very slight. These concerts, aside from the pleasure to be derived by lovers of music, also have a tendency to enliven the town, and in order to encourage their continuance a platform for the accommodation of the band ought by all means to be erected by our people.
Martin Peter, a farmer living on his farm about four miles northeast of Glen Ellen, was severely cut about the face with a knife in the hands of a tramp last Monday afternoon.
The fellow, whose name is Adolph Zetsche, applied to Mr. Peter for work and upon being refused became very angry and abusive, and in his rage drew a large pocket knife and slashed Mr. Peter on the forehead, cheek and other parts of the face. He then made his escape, but was subsequently arrested at Glen Ellen and is now in jail. Mr. Peter's wounds, although painful, are not considered dangerous.

Despicable Conduct.

At the Democratic meeting last Thursday evening we regret to say that one or two persons in the audience indulged in hissing Dr. Schneider, much to the disgust of the other Republicans present, of whom there were quite a number. Such conduct is both imprudent and unmannerly and ought to merit the well-earned contempt of every good citizen, whether he be Democrat or Republican. The hall was engaged and paid for by the Democrats for the purpose of discussing the issues of the day from their standpoint. Everybody present was there from choice and free to come and go at will. As might be expected Republicans were bound to bear things they did not approve of, as likewise would a Democrat attending a Republican gathering. This being so, persons who have not sufficient control over their feelings to be able to suppress their disapproval by sneers and hisses ought to stay at home on occasions like the above, and we trust for the good name of our town there will never again be a repetition of Thursday night's episode.

Schools Visited.

Mrs. Fannie McG. Martin, Superintendent of Schools, visited the following schools in the northern part of the county last week: Montgomery, Miss Fannie Munday, teacher; Fisk's Mill, Miss Mary E. Connelly; Gualala, Miss Katie Geohagan; Dirigo, Mary Leddy; Horicon, Jessie Smith; Stewart's Point, Dell McClenathan; Timber Cove, Carrie Brown; Fort Ross, Miss L. Donovan; Table Mountain, C. Mae Hakes; Creighton Ridge, Nellie F. Emory. Mrs. Martin since she has been in office she has visited every school in the county, 129 in number. Some of these schools are located in parts of the county that at one time were considered almost inaccessible to a lady superintendent, but Mrs. Martin has proven that this is not so by her periodic visits to the most remote of our public schools.

Important to Voters and Registration Clerks.

The registration of voters for the ensuing election closes to-day. No registrations taken after to-day will be entitled to entry on the printed register. All registrations taken to-day must be deposited, to the address of J. F. Malgren, County Clerk, Santa Rosa, in the express or postoffice by this evening as none will be received on Monday, October 1st, for entry on the printed register, except those arriving by mail or express, and where the postmark or express tag shows that they were deposited in the office on the Saturday preceding.

Political Cards.

The cards of Messrs. Geo. F. Allen, Republican nominee for County Clerk; M. Byrne, Republican candidate for Coroner and Public Administrator; John O'Hara, regular Democratic nominee for Supervisor for Sonoma and Vallejo Townships; Albert G. Burnett, Republican candidate for District Attorney and Judge A. P. Moore, Democratic nominee for Auditor and Recorder, appear for the first time in this issue. Mr. Allen is a resident of Petaluma and at present represents his district on the Board of Supervisors. He is a thoroughly educated gentleman, well qualified for the position he seeks and will no doubt carry his full party strength.
Mr. Byrne is a hotel keeper in Santa Rosa and like his Democratic opponent, Johnnie Timen, is well liked. He is a good business man and fully competent to discharge the duties of the office.
Judge Moore is so well-known to the people of Sonoma county as a competent and faithful officer that we are sure he needs no encomiums from us. For two years he has discharged the duties of Auditor and Recorder in a most satisfactory manner, and as a result the contest between him and Mr. Robinson will resolve itself into one of personal popularity.
Mr. Burnett is a practicing attorney at the county seat. He is well-known in the law, a fine orator and is one of the very best men that the Republicans could have nominated for that office.
Mr. O'Hara is a farmer residing at Penn's Grove. For four years he has held the office of Supervisor of Sonoma and Vallejo Townships, during which time he has always had the interest of his constituents at heart and has made a good public servant.

Petaluma Pickings.

[Courier.]
All the roads leading into town are lined with wagons bringing hay and grain to market. Much of it is brought here for storage.
Mr. Ross of Anala township has 145 early Crawford peach trees, five years old. This year he picked from them ten and one-half tons of peaches which brought him \$30 per ton at the Santa Rosa cannery. Over 400 pounds were gathered from one tree.
The Salvation Army intend to have big meetings next week. The members in this town are to be reinforced by about fourteen live Salvationists who are to spend a week here. They arrive next Saturday afternoon from the city with their brass band.
The best of accommodations at the Occidental Hotel.

Personal and Social.

Mrs. J. B. Small went to the city last Wednesday on a short visit.
Rev. H. H. Witkeff and family are visiting at Monterey.
Miss Lee Smith is still confined to her home by illness.
Mrs. F. Clewe was glad to state is rapidly convalescing.
District Attorney George Pearce of Santa Rosa was in town Thursday.
Mrs. Plogham and children of San Francisco is a guest at the Union Hotel.
Gen. M. G. Vallejo was the guest last week of Chas. Krug the Napa viticulturist.
J. K. Carlisle, general agent for Mile End Cotton, paid Sonoma a visit on last Thursday.
S. K. Dougherty of Petaluma, Republican nominee for Superior Judge, was in town Wednesday.
E. P. Colgan, candidate for reelection to the office of Sheriff, paid a flying trip to Sonoma Wednesday.
Geo. F. Allen of Petaluma, Republican candidate for County Clerk, was in town Wednesday and gave us a pleasant call.
Miss O. Copeland has returned home after a pleasant visit of two months with relatives and friends in Fresno county.
Ex-Senator J. S. Egan, who has been confined to his home the past two weeks with a severe spell of sickness, is able to be up and around.
John O'Hara of Penn's Grove, the Democratic candidate for reelection to the office of Supervisor of Sonoma and Vallejo Townships, was in town Thursday.
J. M. Hendley of Glen Ellen, Democratic nominee for Road Overseer of Sonoma Township, attended the Democratic meeting at this place Thursday evening.
Glen Ellen Gossip.
The weather is splendid and all, strange to say, are satisfied.
A petition is being circulated for a division of the Dunbar School District. It is being numerously signed.
A family whose names we have been unable to learn will move into the building formerly occupied by J. H. Humphries.
A number of "knights of the road," who by the way are rather thick in this locality, undertook one night last week to take the County of Sonoma by storm. Of course our wide-awake Constable was quickly on hand and emptied his five-shooter into the crowd. It had the effect of scattering the roadsters far and wide. Did you hit any of them Jim?
The building, where formerly lived our mosquito friend J. H. Humphries, has been remodeled and some extensive improvements made therein. Mr. Minor, although not a miner, but a carpenter and joiner, done the work. Say Vern, you forgot the stove hole?
OLD TIMER.

A Home Made Fruit Dryer.

Make a case about six inches deep, of proper dimensions for receiving a convenient number of trays; cover with glass, in the easiest way, by rabbeting the upper edges of the sides and of the necessary strips across the top; lay the glass without lapping or putty. Openings at the sides would allow trays to be put in or taken out, sideways, any time. Ventilate by a small inlet and by a much larger outlet flue; the latter terminating as high as convenient. Mount the case on two wheels, or by some pivotal contrivance, so that it can be turned as the sun changes, and tilted to an angle to receive the sun's rays directly at all times. By this means fruit can be dried much faster than in the usual way, as it will not need to be covered or taken in at night. It will not become filthy from flies and dust, and the product will be better in color and quality than if exposed directly to the sun. A case any seven by ten feet would hold twenty trays, or about ten bushels. Trays should be narrow to prevent them from sliding.—American Agriculturist.

Shares on Grapes.

A number of improvements are being made in the crushers at De Turk's winery with a view to reducing the number of hands necessary in operating them and handling the pumice. Grapes will be received next week. The terms offered are advantageous to those who are not obliged or anxious to sell for cash. Ninety gallons of wine will be given in return for a ton of grapes, the producer being allowed the privilege of keeping his wine at the winery until the 1st of next June without expense. Arrangements have been made, it is stated, for the producer to realize half the price of his wine by presenting a receipt tag at one of the banks. The producer by being allowed free storage at the winery has the double advantage of being able to sell his wine direct from a winery of high repute and of reaping the benefit of an increase in wine prices. At the time he sells his grapes for ninety gallons of wine per ton, the wine might not be worth 10 cents a gallon, but should it increase in value he reaps a benefit.—S. R. Republican.

BOARD OF SUPERVISORS.

The Board of Supervisors met in the Court House, Santa Rosa, last Saturday to resume the consideration of the proposed jail building. It was finally decided that the plans presented did not meet with the approval of the Board, and that the cost of buildings erected in accordance therewith was in excess of that prescribed by the Board at a former session, and, on motion of Mr. Connolly, the plans were allowed to be withdrawn for further modification, but to be re-presented for final consideration on Monday, October 8th.
In view of the urgent necessity of repairing the Guerneville bridge, J. O. Burckhalter was authorized to make such repairs as necessary under the supervision of the Road Commissioner of Redwood road district.
It appearing that the new Dry Creek bridge is in danger of being damaged by reason of imperfections in its construction, Supervisors O'Hara, Davis and Allen, were, on motion of Mr. Coulter, appointed a committee to inspect said bridge and report at the next meeting.
At 3:15 the Board adjourned until Monday, October 1st, at 10:30 A. M.

An Explanation.

What is this "nervous trouble" which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they are Malaria, are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the liver, which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life." Mr. D. I. Wilcoxson, of Home Cave, Ky., adds a like testimony, saying: "He positively believes he would have died had it not been for Electric Bitters. This great remedy will ward off, as well as cure all Malarial Diseases and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1 at E. Wegner's Drug Store."

R. D. Moore of the Occidental keeps a first-class house.

Two horses attached to a spring wagon took fright last Saturday evening in West Glen Ellen and started to run with all their might. Considerable damage was done and the wagon was a total wreck.
